

Unlike a lot of the bands that play covers, note for note and imitating the record, T.S.S like to bring something unique to the table and make tracks written by others their own.

'Play That Funky Music' has been heard a million times. The Strutters don't play the usual standard "Funk Band" covers played without any feeling... they go for the Rare Grooves, the original breaks from classic hip-Hop alongside some of the sweetest Soul and 80's groove tracks.
